My system is not necessarily the best system for you personally. Take note of the new vocabulary you encounter. Figuring out how to start learning a language by yourself is one seriously overwhelming task.

There are a few better ways to make quick progress in a language than starting with

The best part is that cognates are not simply limited to languages of Latin and Greek origin. A member of the community will usually fill the gap within 48h. Other languages especially Mandarin may offer other alternatives.

The second most important mindset is that making mistakes is essential to learn in particular, is very difficult to reverse and correct once in place.
