When I made that project with the pigs she came to Porto
Alegre, and later on I saw she did something with dead
chickens. The NA 2 calorimeter was divided in two halves, to
the left and the right of the beam, each half consisting of
sheets of passive high Z material interleaved with blades of
plastic scintillators. I think there are many issues. In other
works you used pigs and frogs beside the dolls, along with
other elements. Including trust and transparency in pensions,
O que une e o que separa.
