Leverage every innovation for the betterment of your organization, its people, brand and client relations. In a knowledge based economy, the internet provides a quasi-level playing field for all of us to develop our skills and experience. At the end of the day, both thought influencers and regular consumers are human beings.

It adds to their credibility. Evaluate your supply chain and the strategic path. Gaining the respect and loyalty of others takes time and dedication. They are the leaders that have lived the long history of client relationships and know their counterparts in the industry you serve.

Getting this right involves a collaborative planning process, which includes Michael shares his passion on leadership and marketing strategies that deliver customer value and business impact. Generate press-friendly findings When reputation is a key objective of thought leadership, it is essential to emphasise findings that the media are likely to report.
