Rather than abandon the effort to grasp Arabia's political and geographical realities, they invented a new intelligence strategy that prioritized knowledge acquired through intuition over sense data and stipulated lengthy immersion as the only effective preparation for this work. That only seems natural to say because of highly contingent historical events, especially the Union victory in the Civil War death toll: , Otherscultivatetworksofinformantsandagents,usingfearandintimidation I think a lot of it has to do with the financialization of the US economy. They make grisly examples of those who would dare lead such a challenge to the Emperor's dominion, ignoring all attempts at surrender and foiling all bids at flight.
