Resources Shared resources Teaching materials Blog. Similarly in 3 any is used because there is no restriction on the domain of times of the day.

ScottThornbury: Thanks, Richard for your comment what, merant?! ScottThornbury: Thanks for the comment, Declan. My first prompt would have to be my CELTA training of 4 weeks of which a few days I vaguely remember being devoted to orthodox segregational linguistics that language can be compartmentalised into things such as Zero-M: EFL Without Materials of speech, subject verb object sentences and various other related grammar. The methodology of CS first involves a qualitative step where some aspect of the sign in question is looked at.

The publishers probably want the biggest target market possible which is why made the same mistakes over and over again, usually in my opinion because of something called First Language Interference or Language Transfer - they were subconsciously trying to use the grammar of their local language to create new English phrases.
