Cohler and Robert M. This and nothing else I wished to attain by the founding of the "International Psychoanalytic Association. Besides, the circle included not only physicians, but other cultured men who had recognized something significant in psychoanalysis. Criticisms also have been leveled against the idea of "infantile sexuality". The term "intersubjectivity" was introduced in psychoanalysis by George E. The interpretation of dreams became for me a solace and support in those difficult first years of analysis, when I had to master at the same time the technique, the clinic and the therapy of the neuroses, when I stood entirely alone, and in the confusion of problems and the accumulation of difficulties I often feared to lose my orientation and my confidence. Therefore he who wishes to use analysis with polemic intent must offer no object will reread the history of Breuer's patient in the light of the experience gained in the last twenty years, will have no difficulty in understanding the symbolism of the snakes and of the arm.
